NOTE

from :	German Delegation
to :	SIS-TECH Working Group (Iceland/Norway Mixed Committee)
No.prev.doc.:	SCH/OR.SIS-SIS(95) 444 rev. 2
Subject :	Maintenance Contract KK Encryption Devices

KryptoKom GmbH, manufacturer of the Kryptoguard encryption devices used in SIS, was taken over by Utimaco Safeware AG. As a result Utimaco AG legally also took over the function of KryptoKom GmbH as Germany's contracting party for the maintenance contract concerning these encryption devices. The contract will not be changed and Utimaco AG will take the responsibility for all rights and duties resulting from the contract.

The SIS-Tech Working Party is invited to agree in the change of the contract party.
